

“Alive Inside”

The public is invited to a special showing of Alive Inside at the **Avon Council on Aging** on **Thursday, July 23rd at 5:30 p.m.**

This inspirational movie shows the power of music in reconnecting people with memory loss to their past and themselves.

Why do musical memories linger long after other memories have faded? That question is at the heart of a new documentary, Alive Inside, which looks at the effects of music on people living with Alzheimer's and other age-related dementias.

THE STORY OF MUSIC AND MEMORY

An uplifting cinematic exploration of music and the mind, **ALIVE INSIDE**'s inspirational and emotional story left audiences humming, clapping and cheering at the 2014 Sundance Film Festival where it won the Audience Award.

Please RSVP at 508-559-0060 as light refreshments will be served. Thank You
